

Funding Tab Definitions

This document will provide an understanding of the terminology used on the “Funding” tab on the Hive. If you come across any funding terms you are unsure of you can use “Ctrl F” to search the document for specific words.

“Programme Funding”, “Payments Issued” and “Allocations” have all been broken down by section with definitions given for each heading in each section.

This document does not cover the functionality of the funding tabs.

Introduction

Where to access Funding information and what do the options mean:

- The “**Programme Funding**” shows general information around Payments. It is a list/summary of overall payments for all programmes that a Service Provider is contracted into.
- The “**Payments Issued**” view is a more specific list of actions/payments as they happen. It is a breakdown of the individual payments by programme.
- The “**Allocations**” view is a breakdown of how the payments are actually calculated.

“Programme Funding”

- **“Funding Agreement”**: Programme for which the service is contracted to.
- **“Payments Approved to Date”**: Payments approved for processing.
- **“Approved Allocations Value”**: Funding awarded and approved for payment in line with payment schedule.
- **“Actual Paid Amount”**: Payments processed by Pobal.
- **“Provisional Allocations Value”**: Funding awarded but not yet approved for payment.
- **“Pay Until Date”**: The latest payable allocation date as per the payment schedule.
- **“Next Payment Due Date”**: Next date of a payment run (Does not mean a service is due a payment on this date)
- **“Next Payment Projected Value”**: Value of unpaid, approved allocations dated on or before the current pay until date.
